5. Instructions for Use, Warnings, and Recommendations

Our toys do not include play or usage instructions as they promote children's innate free play.

- All sensory toys must be used under adult supervision at all times.
- Regularly inspect the product to ensure there are no damages or leaks.
- All packaging elements must be removed before giving the toy to the child to prevent risks

or accidents.

- For toy hygiene, clean with a wet wipe or damp cloth.
- Do not submerge the toy in water or expose it to prolonged sunlight or high temperatures to avoid damage.
- Keep the manufacturer's address for future inquiries related to the product.

6. Product Variations

Sensory bottle models vary based on their internal decorative content while maintaining the same safety and manufacturing standards. Examples include:

- Spy Forest Model: Natural cereals and seeds, miniature forest animals (hedgehog, deer, owl...).
- Sound Fish Model: Sensory formula, miniature fish, and shells.
- Jungle Model: Natural cereals and seeds, miniature elephant, giraffe, lion...
- Float Bottle Model: Sensory formula, glitter, sequins, and wool pom-poms.

7. Product Labeling

The labeling includes:

- Product name and brand: Petit Boum
- Manufacturer's address
- CE Marking
- Safety pictograms (minimum age, usage warnings, quality assurance seals)

8. Additional Information

- Recycling: Product designed with recyclable materials. Separate according to local regulations.

- Lifespan: 5 years from the manufacturing date (if used appropriately).
